Mixed Fat (ruminant free) - Category 3

Mixed fat (ruminant free) is a characteristic smelling fat, extracted by wet rendering, purified by centrifugation, stabilised with antioxidants, obtained from the processing of slaughterhouse by-products from the slaughter of healthy animals intended exclusively for human consumption.

Mixed fat (ruminant free) can be used for the feeding of food-producing livestock - pigs, poultry - farm animals and pets.

Name of the factory producing the product: **Factory of Mátyásdomb, ATEV Ltd.**
Address: HU-8134 Mátyásdomb, Külterület

EU licence number:
06-ABP-002 (PROCP)
Feed production registration number:
HU 06 1 00081

Guaranteed nutritional values

Name	Summer quality		Winter quality	
	MINIMUM	MAXIMUM	MINIMUM	MAXIMUM
MIU %		3		2
FAT CONTENT %	97		98	
ACID NUMBER %		50		25

The product is treated with BHT antioxidant.

Storage recommendation: cold, in a heated closed tank

Packing of the feed: in bulk, in tankers
